March 23, 2020

With the Illinois state mandated stay-at-home order in place, Neuco has been deemed as an essential business and will remain open. We are here to support you and your HVACR needs Monday through Friday from 7am to 5pm CST.

As we continue to face challenges during this time, we would like to acknowledge the crucial operations that hospitals, nursing homes and people's homes depend on. HVACR replacement parts and controls are a necessity to keep these types of buildings operating. We are all working together to keep our industry moving.

Many of our employees are working from home until further notice. Our distribution center, sales and customer services teams will continue working split shifts to limit the number of people at Neuco. Employees continue to take precautions to ensure a safe workplace.

We remain hopeful that this crisis will resolve quickly. We will provide updates as they come. Thank you for your trust and support.

**Paul Neustadt**  
President

Master Distributor of HVACR Controls
